---	---

* = Beginner Class Prerequisite

LEGO ACADEMY

LEGO WE-DO ROBOTICS: Designed primarily for students in grades 1 - 3. Each session consists of six 1.0-hour classes. Students learn to build and program LEGO We-Do robots by creating models of simple machines and animals with easy-to-use intuitive drag-and-drop software. \$70 (The price includes all materials.)

LEGO NXT ROBOTICS: Designed primarily for students in grades 4 - 8. Each session consists of six 1.5-hour classes. Students learn to build and program autonomous LEGO NXT Mindstorms robots that use ultrasonic, touch, and light sensors to successfully perform a variety of challenging tasks. Students can collect and analyze data retrieved from the sensors they program and place on the robots. \$105 (The price includes all materials.)

FLIGHT SIMULATOR

FLIGHT SIMULATOR: Designed primarily for anyone age 10 and up. Each session consists of six 1.5-hour classes. Students learn what it is like to pilot an airplane by exploring the science of aerodynamics and the physics of flight. Using the cockpit flight instruments students perform takeoffs, fly designated routes, and land various types of aircraft. \$105 (The price includes all materials.)

Mail the completed form to the Challenger Center, 225 Route 59, Airmont, NY 10901
with a check for the specified amount made payable to the **TOWN OF RAMAPO**
If you have any questions, or want to pay by credit card, you can contact us at **845-357-3416**
